MosVolonter

Moscow, Russia

Event organizing team: ColorFest 2014 and The 40th COSPAR Scientific Assembly

July 2014 – August 2014

- *ColorFest* is a summer festival held by the city of Moscow, similar to Holi festival in India. This year 30,000 people attended and 6,000 lbs of colors were sold.
 - Coordinated visitors to a new location as ColorFest suddenly changed its place 2 days before the event's day
 - Sold colors to participants and set up logistics
- *The 40th COSPAR Scientific Assembly* is an international conference, with 2,000 scientists and participants from 150 countries around the world.
 - Registered participants and answered questions related to the event, logistics and accommodations
 - Helped with translating from English to Russian and vice versa
